Re: City of Attleboro, Attleboro High School

Dear Mayor Dumas:

I am pleased to report that the Board of the Massachusetts School Building Authority (the "MSBA") has voted to invite the City of Attleboro (the "City") to partner with the MSBA in conducting a Feasibility Study for the Attleboro High School. The Board's vote follows the City's timely completion of all of the requirements of the MSBA's Eligibility Period.

I do want to emphasize that this invitation to partner on a Feasibility Study is *not* approval of a project, but is strictly an invitation to the City to work with the MSBA to explore potential solutions to the problems that have been identified. Moving forward in the MSBA's process requires collaboration with the MSBA, and communities that "get ahead" of the MSBA without MSBA approval will not be eligible for grant funding. To qualify for any funding from the MSBA, local communities must follow the MSBA's statute, regulations, and policies which require MSBA collaboration and approval at each step of the process.

During the Feasibility Study phase, the City and the MSBA will partner pursuant to the terms of the Feasibility Study Agreement to find the most fiscally responsible and educationally appropriate solution to the problems identified at the Attleboro High School. The Feasibility Study, which will be conducted pursuant to the MSBA's regulations and policies, requires the City to work with the MSBA on the procurement of an Owner's Project Manager and Designer, which will help bring the City's Feasibility Study to fruition.
