

Looking for a way to reduce your waste by 30% while returning nutrients to the soil? A subscription curbside compost collection is coming to Attleboro! Items that can be composted include meat, bones, dairy, and more. Each household that participates in the program will receive a bag of finished compost in the spring. Each household can choose between weekly or biweekly service for as low as \$4.42 per pick up.

The first 200 households to sign up will receive a **FREE STARTER KIT** including a curbside bin and compostable bin liners courtesy of the City of Attleboro's Rubbish & Recycling Department.

Please visit blackearthcompost.com to sign up for service.

** There must be 200 households signed up to start program**

Turn Spoils to Soil with
CURBSIDE COMPOST

Compost meat, bones, dairy and more.

Receive finished compost in the Spring. Order compost, soil blends and raised beds online.
