1. The Mayor respectfully submits a communication from Chief of Police Kyle P. Heagney regarding the need for funds to replace non functional heating panels. 2. The Mayor respectfully submits a communication from Chief of Police Kyle P. Heagney regarding the need for funds to replace the QED server at the Police station. The QED computer system is the backbone of the daily police operations and is the central depository for all generated reports. The computer software vendor recently informed the department that the server needs to be replaced forthwith. Upon the most recent operating software upgrade, it was discovered the server space was at a critical level. The amount of data which is needed to be stored on the server has surpassed the maximum capacity and has caused major issues with operating the system. The Director of MIS has looked into this matter and confirmed that the QED service needs to be replaced. Therefore, the Mayor hereby requests Your Honorable Body to appropriate \$14,500.00 from Account 1000-359000 (Undesignated Fund Balance/Free Cash) to the following:
