**BUDGET & APPROPRIATIONS**  
**Shannon M. Heagney, Chairperson**

1. Email from Laurie Brasil, of 131 Richardson Avenue, dated October 04, 2016, stating that she is against the funding for the Constituent Services Administrator being reinstated.
2. The Mayor respectfully submits a communication from City Auditor Deborah Gould regarding the need to close Fund 3530 EOEEA Grant with the funds remaining returning to the Stabilization Fund. Therefore, the Mayor hereby requests Your Honorable Body transfer \$1,191.28 from 3530-599000 (EOEEA Land Grant – Other Financing Uses) to Account 8455G4-499000 (Attleboro Stabilization Fund – Other Financing Sources).
3. As you may recall from my May 31, 2016 Budget Message, the FY2017 School Department appropriation included my original commitment of \$1M above the minimum spending requirement, plus an additional \$800,000, representing 50% of the increase in the Proposition 2 ½ Tax Levy limit. The levy limit in any given year is computed by taking the total maximum allowable levy of the previous year increased by 2.5%, plus allowances for other factors such as new growth.

During the preparation of the annual budget, assessors across the Commonwealth provide budget officials with an estimate of the new growth increase in the community’s Proposition 2 ½ levy limit so that a preliminary limit can be calculated and a revenue estimate established. However, Boards of Assessors are required to report final new growth each year as a part of setting the tax rate. The Mayor has been informed that the Board of Assessors will be submitting to the Department of Revenue a final new growth number of approximately \$1,200,000.00, which is approximately \$500,000.00 greater than the estimate carried in the FY2017 Budget.

Therefore, and as promised in my Budget Message, the Mayor will be dedicating 50% of this additional Tax Levy limit to the School Department. Accordingly, the Mayor is hereby requesting that Your Honorable Body approve a supplemental appropriation in the amount of \$250,000.00 to Account A2325010-511200 (School Department – Teacher/Sub/Professional Salary). Furthermore, it is the Mayor’s intention to utilize the balance of any potential additional new growth not needed to absorb reductions in revenue estimates to retire as much of the remaining FY2015 Snow Deficit as possible.
